# › Bring your life

Last year Thule turned 70 years. But don't let the age fool you. The Thule brand is healthier, stronger and feels younger than ever.

In connection to the Eurobike Show in Friedrichshafen (28 - 31 Aug), we would like to share some of the highlights from the past year with you, as well as some really exciting things to come. Some of them less expected than others...

All together we have some great things to share with you!

We would like to invite you to a smaller and personal dinner together with some colleagues of yours from international bike, sport and outdoor media in the evening before the opening of the fair, August 27 at 7 p.m

Restaurant Heuschober  
Allmannsweilerstrasse 108  
Friedrichshafen

Please confirm your participation for the dinner no later than August 22!

We look forward to see you!
