Morzine: Exhilarating moments and sharing wonderful experiences

Some of us will mention the joy of quality time with the whole family or among friends, evenings sat by the fire or going out for a lovely restaurant meal. Others will talk of their off-piste descents or in-nightclub exploits. Still others will be experts on the epic landscape, the authentic feel of the mountain town or the luxurious atmosphere in their chalet. But every single person will remember experiencing real and wonderful moments, singular and many, simple and precious. Moments that are so emotionally powerful that we would never want to keep them to ourselves. That's the effect Morzine has on us, the resort that transforms every minute into a second of eternity; every personal memory into a moment truly worth sharing.

Morzine-Avoriaz Winter Start Launching the winter season in style!

On December 10th and 11th, The Morzine Tourist Office will once again be hosting its festive event marking the opening of the resort for winter. Lively shows and fun events will guarantee a successful start to the winter season!

In partnership with Morzine shop owners and many local associations, this show dedicated to homewares, fashion and personal equipment is a two day event presenting all the latest products you need to be ready for the upcoming winter season.

Included in the stands showing the latest in mountain trends for the 2016/17 winter:

- **stands presenting interior design and home decor.**
- **fashion show catwalks** by professional models put on by local Morzine boutiques and shops (sportswear, ski and snowboard wear and undergarments).
- **the Christmas market** to help you prepare for the holiday celebrations.
- **presentation of the latest ski ranges** for winter 2016/17 (Head, Lacroix, Movement, Rossignol, Dynastar, Atomic, Salomon, Fischer...), in partnership with the resort's ski shops.
- **a stand dedicated to mountain safety** and demonstrations of how to search for avalanche victims.
- **a stand dedicated to teaching** you how to tune and maintain your ski equipment.

But also numerous activities organised to make this first festival the first "must see" event of the winter:

- beginner lessons and demonstrations of ice-hockey and figure-skating on the outdoor ice-rink
 - beginner lessons in dogsled mushing
 - beginner lessons in biathlon
- and many more activities to discover at the event.

Learn while having fun...

We make this possible thanks to the fun zones we have created at the top of the Pleney telecabines.

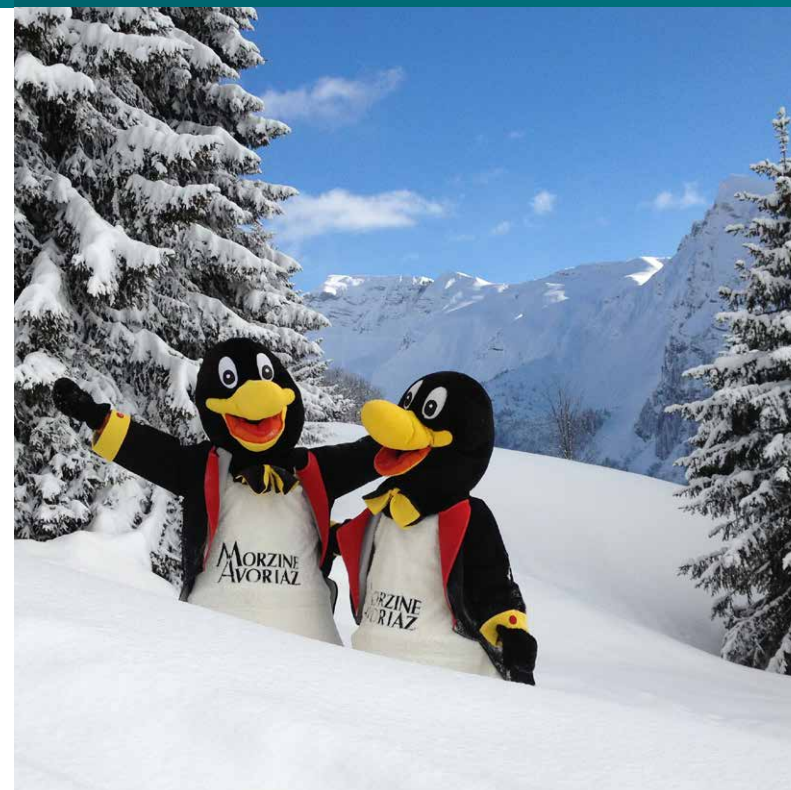

Among the runs you can access:

- **Le Chemin des Zouzous:** a forest run that leads back down into town and where you discover the local animal wildlife as you go. You are guided along by the life-size animals carved out of wood, such as the fox, the deer or the wolf that are waiting for you around the next bend of this fun-filled trail. Our goal is for parents and kids to enjoy the fun of skiing together, on a 2 km long piste that has both turns and bumps following the natural slope and is away from the main flow of skiers.

- **Le Boarder Pingouins :** a specially shaped zone with a penguin theme, mascot of the Morzine sports teams. In an arctic setting, kids go through small banked turns, a slalom, a tunnel and gentle rollers...

- **The beginner piste :** a new 200 m long canopy covered magic carpet for more comfort and safety.

Magical Christmas Shows

During the winter season, the family resort and kids paradise that is Morzine organises weeks with themes catering to all ages. It's a wonderful opportunity to share magical family time together.

December 17th to 31st: "Les Féeries de Noël"

Over the end of year Holidays, Morzine brings you two weeks of fairy-tale spectacles around the theme of lights. The first is aimed at younger children and the second week is more for teens. New light shows, free activities, games, workshops, stage shows, concerts with DJs... at the Tourist Office central square and surrounding streets, get ready to be enchanted by all the magic!

Lights that will outshine the starlit sky

- **Christmas tree glittering with 150 lights:** standing at three and a half meters tall and surrounded by 100 FirePots at its base, the candlelit Christmas tree has 24 branches that carry its 50 FirePots.

- **and also a lit up decor on December 30th and 31st,** made up of structures, balloons, and glowing totem poles, visible from the centre of town all the way up to the Pleney lift station.

Event Highlights

- **Les Amants Flammes:** a poetic love story between fire and snow, played by the Attrap'Lune troop, a lively and upbeat show, full of humour, love, dance, juggling and fire, showcasing spectacular theatrics. It's sensitive and original, taking spectators through a whirlwind of lyrical images, snow embers, showers of light, bursts of fire and graphic juggling.
- **LightinRiders:** this ballet on the slopes is a reinvented take on the traditional torch-lit descent that will be put on by the Elixir troop, a group of actors, musicians, dancers and artists that have composed a show bursting with colours, that is a truly captivating street theatre performance.

• Le petit bal pour tous

Chaps' approach is to be interactive and playful with his spectators. Singer, guitarist, audience warm-up person AND presenter, he has designed a "concert show" type of concept that uses a repertoire that spans all generations. Crowd participation and improvisation are the key, and the idea is simple: everyone dances together.

A show overflowing with colour

- **Percu astrale:** a musical and visual parade, that will make Morzine shake to the sound of drums, conducted by musicians and stilt walkers dressed in lights.
- **Astro Diva:** a celestial stroll alongside a fabulous diva who shoots out new constellations and new worlds, while all around, a fabulous troop of magical characters (the Astros), and light creatures, skilfully juggle and do acrobatics, before the grand finale, with close at hand pyrotechnics and fire stunts.

Wandering that will take the imagination on a voyage

Les Soldats jouets

Led by General Capucine, a little girl who thinks she's an army general, the toy soldiers parade under her orders alternating postures at times quite military and other times very tender.

Les enjoués

Rather than emailing, why not use one's wings. Brilliant and magical, capricious and bewildered, Démentiel, Parleciel and Logiciel search for Marie, Jeanne d'Arc or any other "enlightened" passer-by to give them the message from up above.

Melchior et son éléphant

Melchior riding atop his white elephant travels through space and time, to faraway lands that he is not from, searching for what he hopes to find: his coreligionists...

Le grand bazar de Balthazar

Of the three wise men he is the most glorious and whimsical, but also the least modest. When Balthazar arrives unannounced on his camel, he always brings with him djinns to sing his glory.

From 7th to 28th February, "Morzine aime carnaval"

On every Tuesday during the school holidays, Morzine puts on a party, and invites everyone to come and join in: face painting, parades and stage shows will be organised for kids of all ages.

From 1st to 7th April, "Morzine aime les enfants"

An amazing week dedicated to kids will include games, activities and shows, and it's all free.

An event for all the little champion skiers in training:

The Morzine Association of Shopkeepers is organising The Race of Champions on 9th April 2017.

Coordinated in conjunction with the Portes du Soleil, this big end of season race takes place in the Pléney-Nyon ski area. Open to young skiers aged 8 to 17 years old, it's a great event for young skiers to meet and mingle with Portes du Soleil champions, current and former members of the French and Swiss National Teams in all disciplines (Alpine skiing, nordic skiing, snowsports for disabled skiers, cross-country skiing, snowboard, ski mountaineering, telemarking, ...).

A unique opportunity to brush shoulders with world-class athletes, and get coaching by champions such as Cyprien Richard, Yohann Taberlet, Johann Baisamy, Alexis Sevennec, Anthony Chalencon and Ben Cavet who will be on hand to guide and give advice to all the participants.

Open to all the ski clubs in the area, to non ski-club local residents, as well as to children visiting on holiday, all of whom will have the opportunity throughout the winter to earn a qualification spot for this huge end of season event! To be selected you must sign up and compete in la Flèche, a giant slalom race organised by the ESF every Thursday. Being enrolled in the ESF classes is not an obligation. Children who qualify will have the opportunity to come back and participate in the race at the end of the season and to test their skills up against those of the kids in and around Morzine.

This race will be the closing event for the **"Morzine Aime les Enfants"** (Morzine Loves Kids) week, with many special deals offered to the qualified child racers: accommodation, lift passes, swimming pool and ice rink entry...

The event will be followed in the afternoon by a big parade through the streets of the village, with prize-giving by the champion athletes.

Requiring a logistical effort equivalent to putting on a major European cup race and giving points toward FIS, it brings together the best nordic and alpine ski racers in France, Austria, Germany, Italy and Switzerland.
